

A. A. HAZELRIGG MADE CHAIRMAN

Prominent Local Democrat Will
Will Lead His Party to Vic-
tory in November.

State Chairman Thomas S. Rhea has selected Judge A. A. Hazelrigg to fill the important position of Democrat Campaign Chairman of Montgomery county during the coming election, and he will shortly select an active Campaign Committee with representation from every precinct of the county and begin an energetic campaign in behalf of our ticket this fall. It must be remembered that a vote against any of our nominees is a repudiation of the brilliant administration of President Woodrow Wilson. A number of United States Senators are to be chosen in several states and Kentucky has the distinction of having the privilege of selecting two. Upon our selections may depend the success or failure of the Democratic administration at Washington, hence every Democrat of this state is charged with a greater responsibility than ever before. We feel sure the Democrats of Kentucky will acquit themselves like men by giving the Democratic party the greatest majority ever received and it is the purpose of Chairman Hazelrigg to wage an intelligent, thorough and vigorous campaign in order that Montgomery county may do her full share in securing the desired result in the state.

BREAKS LIMB

The many friends of Mrs. B. F. Cockrell will be grieved to learn that she fell Monday afternoon and broke both bones in her right limb just below the knee.

The bell at the Christian church was being rung by the ladies in celebration of the local option victory and Mrs. Cockrell had gone there to be one of the ladies to ring it. In some way she missed her footing on the steps and fell.

She was carried to her home at once and medical aid summoned and is resting as well as could be expected but owing to her extremely weakened condition her relatives and friends are very much concerned over her.

Democrats, register next Tuesday.

GEORGE MACKIE INJURED

Messrs. George Mackie and Shelby Baber, two Winchester boys, with the Coburn Minstrels, narrowly escaped a serious accident Saturday when the passenger train on the B. & O. to which their coach was attached collided head-on with a switch engine in the Big Four yards in Cincinnati. Fourteen of the members in the company received more or less severe injuries including Mr. Coburn, and their dates for appearance at Lebanon, O., Saturday night had to be cancelled. Mr. Shelby Baber escaped injury but Mackie received a sprained back which will probably keep him from participating in the performance for several days. He went to Winchester Saturday night, but returned to Cincinnati Sunday. Mr. Mackie is a brother of Mr. Walter Mackie, of this city, and formerly lived here where he has many friends.

MONTGOMERY COUNTY GOES DRY MONDAY BY A MAJORITY OF 242

Although Warmly Contested, Election Passes Off Very Quietly and No Trouble of Any Character is Reported Throughout the Entire County.

The election in Montgomery county between the "wets" and "drys," the campaign for which has been waged for the past few weeks, resulted in a victory Monday for the "drys" by a majority of 242.

The election held in three wards of the city Saturday resulted in a victory for the "wets," the three wards giving them a majority of 291.

The vote of the county Monday was as follows:

	Drys	Wets
First Ward	138	98
Second Ward	103	169
Third Ward	43	223
Fourth Ward	73	79
Beans	77	51
Levee	99	68
Grassy Lick	133	72
Side View	74	42
Aarons Run	80	48
Harts	89	53
Smithville	49	131
Spencer	120	23
Camargo	108	57
Jeffersonville	173	76
Howards Mill	105	32
Totals	1464	1222
Dry majority	242	

The splendid majority at Jeffersonville is especially pleasing to the "drys" as up until a few years ago this section was noted for its lawlessness and disregard for the law, but the stand these people took Monday shows that a great change has taken place there and that the lawbreakers have left that section. The work of Rev. Stanford Campbell, the

colored minister from Lexington, was also of much benefit to the "drys" in their work among the colored voters.

Elections were held in twelve counties of the State Monday and nine out of the twelve went "dry." Below will be found a list of the counties that voted and a record of the vote:

Bell, dry by	800
Clark, dry by	336
Bourbon, dry by	405
Mason, dry by	333
Montgomery, dry by	242
Shelby, dry by	583
Scott, dry by	413
Carroll, dry by	517
Boone, dry by	530
Fayette, wet by	3264
Anderson, wet by	64
Henderson, wet by	1053

There are now 107 counties of the 120 of the State "dry."

As we understand the law, the Election Commissioners will meet within three days from the day of election, tabulate the returns and issue certificate showing the result and then "the law prohibiting said sale shall be in full force and effect at the expiration of sixty days from the date of the entry of the certificate of the canvassing board in the order book of the county court." It is understood that the "wets" will now contest the county election upon the ground that the election ordered by Judge Chenault in the second, third and fourth wards of Mt. Sterling and which went "wet" last Saturday cannot be disturbed for three years from that date.

IN AUTO ACCIDENT

FIELDS WILL WIN BIG

H. G. Ireland, of Carter county, the Republican nominee for Congress in the Ninth district, is trying to make some fuss up there, but with apparent little success, in enlisting what is left of the Ninth district g. o. p. The general impression seems to be that Congressman W. J. Fields, of Carter county, his Democratic opponent, will be returned to Congress for his third term with 10,000 majority, which was the size of his plurality in the August primary over the closest one of his four opponents. Politicians familiar with Ninth-district conditions say the party was never in better shape up there and that the entire ticket will run about the same. The Bull Moose are about played out in the Ninth district, it is said, except the herd around Ashland, which is still unreconstructed and ready to fight anything that smacks of g. o. p.—Louisville Times.

One never can tell. Impressions and beliefs, like idols of clay, persist in falling. James B. Haggin was supposed to be worth a hundred million. He was worth only fifteen. A Kentucky miller was thought to have made \$100,000 on wheat. He made about a thousand. A Lexington saloon man was reported to have cleaned up \$6,000 on the races Friday. He declares if the Association will return the \$16 he lost it can have the six thousand. The corn and tobacco crops were supposed to have been ruined by the drouth. Corn will turn out very well and the tobacco crops will be a humdinger. And so it goes. "Twas ever thus in childhood's happy hour."—Cynthiana Democrat.

PRESBYTERIAN CONGREGATION

To Make Additions to Church
Building and Install a New
Pipe Organ.

The members of the Presbyterian church voted unanimously Sunday to proceed at once with the addition of a parish house and modern Sunday School rooms to their already handsome brick building on Main street. At the same meeting it was unanimously decided to install a new pipe organ. Two weeks ago the congregation voted to make the above improvements, but instructed the officers of the church to first raise the necessary funds. Sunday the official board reported the entire amount raised, or in sight. They were then instructed to begin work as soon as plans were adopted. The church building is already being painted. It is to be similar in color to the Government building adjoining, and will present an exceedingly attractive appearance. Dr. M. V. P. Yeaman, the new pastor of the church has fitted up an office in the new room adjoining the Advocate office, just across the street from the church. He says he thinks he can get in closer touch with men by having his office down town than elsewhere, and come to think about it, we don't know why a preacher shouldn't have a place where men would be free to go and come and consult him as well as the lawyer or the physician. On Sunday morning during the Sunday School hour the pastor teaches a Men's Bible Class, with an enrollment of about twenty, in his office, and expects to make frequent use of it for evening meetings of the officials of his church.
